

Activity Report 2023-24

AL ANSAAR TRUST

#14/1, Alahalli, Near Tippu Circle, JP Nagar 9th phase, Bengaluru – 560108

VISION

At Al Ansaar Trust, we envision a society where marginalized communities in underprivileged areas thrive, regardless of caste, creed, or religion. Our goal is to empower every individual to lead a dignified and fulfilling life. We aspire to create an inclusive environment that fosters sustainable development through comprehensive programs addressing essential needs such as quality education, adequate nutrition, stable housing, accessible healthcare, and sustainable employment. By promoting community engagement and collaboration, we aim to build a future where everyone has the opportunity to realize their potential and contribute to a thriving society

Governance of Al Ansaar Trust

Al Ansaar Trust is guided by a dedicated committee of five trustees, combining local insights with professional expertise for a comprehensive approach to community service. Key members include:

SJM Harun (Founder Trustee): *With a B.Sc. in Agriculture, he oversees daily operations and drives the Trust's mission to enhance the lives of marginalized communities.*

Zahara Begum (Trustee - Tuition Centre Manager): *Zahara manages the Tuition Centre, focusing on educational empowerment and ensuring access to quality learning for local students.*

Mohammad Taher Shaikh (Trustee - Chartered Accountant): *He oversees financial operations and regulatory compliance, ensuring transparency and accountability within the Trust.*

Allah Bakash (Trustee - Local Project Manager): *A resident of Alahalli, he manages community projects, connecting the Trust with local needs and challenges.*

Supported by:

Dr. Rashid Rafiuddin and Dr. Asfia Khaleel: *This healthcare duo enhances community health initiatives and promotes overall well-being.*

Dr. Akram Ali (Mentor): *He provides valuable guidance, helping shape strategic decisions for the Trust.*

Together, this committed team works to create sustainable, meaningful change, fostering resilience and empowerment within marginalized communities.

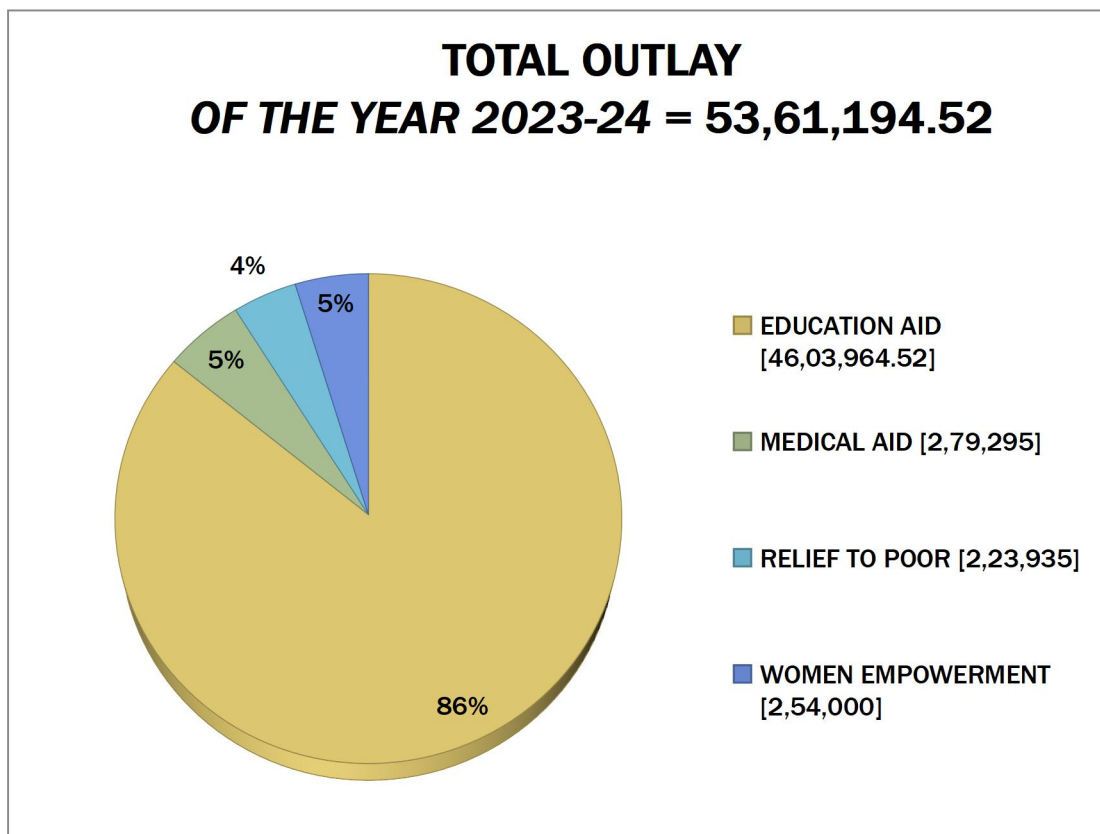

OUR ACTIVITIES:

These can be broadly divided into 4 verticals;

1. Education
2. Women Empowerment
3. Health care
4. Assistance to poor

TOTAL OUTLAY OF THE YEAR 2023-24

(figures in Indian Rupees)

Education

1. Govt School Support

In 2021, our initiative began with a targeted focus on supporting four government schools. We are delighted to report that this year, we have significantly expanded our efforts, now extending our support to a total of 16 schools. Our primary aim is to confront the urgent challenge of teacher shortages in government institutions.

We are dedicated to supplying highly qualified and passionate educators to schools facing staffing vacancies or deficiencies. Acknowledging the essential role that teachers play in establishing a strong educational foundation for primary students, our initiatives not only enhance academic performance but also serve as a crucial factor in decreasing school dropout rates.

By ensuring that each school is equipped with committed educators, we strive to cultivate a stable and enriching learning environment that empowers students to realize their full potential.

For an in-depth overview of the schools we currently support, including specific programs and measurable impacts, please refer to the table below.

GOVERNMENT SCHOOLS SUPPORTED BY AL ANSAAR ,AY 2023-24

2. Al Ansaar Tuition Center

A Gateway to Equal Learning Opportunities

Al Ansaar Tuition Centre is a wonderful initiative deeply dedicated to making a meaningful impact in our community. We are proud to provide essential support to underprivileged students, helping them not only excel academically but also grow personally. Our focus on nurturing curiosity, creativity, and resilience is invaluable in shaping lifelong learners. Free tuitions open doors for students from all backgrounds, offering academic support without the financial burden. They boost grades, build confidence, and provide one-on-one guidance for a better grasp of tough subjects. More than just tutoring, these programs strengthen communities, reduce educational inequality, and spark a lifelong love for learning. Free tuitions empower every student to thrive and succeed—because education should be a right, not a privilege.

This supportive and empowering environment inspires our students to overcome obstacles and achieve their goals.

To further our commitment, we have introduced karate classes for local government school children, equipping them with vital self-defense skills and building their confidence. Additionally, as part of our co-curricular activities (CCA), we conduct special sessions every Saturday in recognition of various national and international observances.

These sessions emphasize the importance of Science, Technology, Engineering, and Mathematics (STEM), providing our students with engaging experiences that enhance their knowledge and foster a deeper interest in these crucial fields.

Through these diverse initiatives, Al Ansaar Tuition Centre remains committed to offering a holistic learning environment that extends beyond academics. We strive to nurture well-rounded individuals who are prepared to face challenges and thrive in all areas of life.

3. Scholarships

At Al Ansaar Trust, we believe that every child holds the potential to make a lasting impact on the world. However, too often, bright and ambitious students from underprivileged backgrounds are unable to access the opportunities they need to thrive. We are committed to changing this reality by breaking down the barriers that prevent deserving young minds from reaching their full academic potential.

Last year, through the generosity of our supporters and the dedication of our team, we awarded scholarships more than 15 outstanding students. These scholarships are more than financial aid—they are lifelines, empowering these students to pursue their dreams of higher education at the Pre-University and Graduation levels.

Each scholarship awarded represents a story of resilience, ambition, and hope. It symbolizes our unwavering belief that no child's future should be limited by their financial situation. We remain steadfast in our mission to create a future where every talented student, regardless of their economic background, has the chance to transform their dreams into reality.

Together, we can create a world where potential is nurtured, dreams are realized, and every student has the support they need to succeed.

4. Support For Govt Schools

In a heartening moment of pride and joy, the Government Kannada Model Primary School in Alahalli celebrated the inauguration of a new building with six classrooms on January 7, 2024. This milestone achievement was made possible through the unwavering support of Al Ansaar Trust, it has been a pillar of strength for the school for the past five years.

Al Ansaar Trust has also made significant strides at the Government Urdu Primary School by transforming the toilets, ensuring students have access to clean and dignified facilities.

We celebrate our students' creativity by sponsoring prizes for government school children during Pratiba Karanji, an event that gathers cluster schools to discover and nurture hidden talents.

Additionally, we recognize the vital role teachers play in shaping the future. To support them, we conduct enriching workshops that equip educators with innovative teaching strategies and provide one-on-one counseling to help them adapt to modern technology and overcome challenges.

Women Empowerment

At Al Ansaar Trust, we believe that empowered women create thriving communities. Our unwavering dedication to enhancing household well-being centers around two transformative initiatives designed to uplift and inspire.

1. Facilitating Self-Help Groups (SHGs):

Every Saturday at the Al Ansaar Centre in Alahalli, over 150 women gather to participate in Self-Help Groups, where empowerment takes shape! These groups promote self-financing, enabling women to collaboratively meet their needs and tackle challenges together. By fostering cooperation and financial independence, we equip women with the tools to lead self-sufficient lives. Many of these women manage their households while taking care of their children, balancing responsibilities with grace. Our SHGs provide a supportive environment where they can share experiences, learn, and grow together.

2. Empowering Women Entrepreneurs:

We recognize the immense potential of women entrepreneurs, especially those who juggle home and work life. By identifying and supporting dedicated individuals, we provide funding of up to 10,000 rupees, sparking growth and innovation in their businesses. This financial boost acts as a catalyst, unlocking new opportunities for women to thrive in entrepreneurship, contributing not only to their families' well-being but also to the economic development of slums. By investing in women who work from home, we enable them to create flexible business solutions that fit their family lives while expanding their entrepreneurial ventures.

Assistance To Poor

At Al Ansaar Trust, we believe that compassion has the power to change lives. Our unwavering commitment to supporting goes beyond traditional charity. While we do not have a dedicated institution, we immerse ourselves in the local community, working tirelessly to create a nurturing environment for those who need it most.

In our mission to uplift the vulnerable, we take meaningful steps to make a difference:

1. Ensuring Basic Needs: We provide a monthly ration of ₹1500 to address the fundamental needs of food security. This support ensures that the destitute, elderly, and orphans enjoy a warm meal. It also saves them from the embarrassing situation of going out to beg or asking from neighbours / strangers.

Healthcare:

Fairmeds, we offer free medication to poor those battling illness. Our healthcare initiatives are vital, especially for the elderly poor and destitute who often suffer in silence..

Al Ansaar Trust actively supports underprivileged individuals who struggle with healthcare expenses by encouraging them to use their Below Poverty Line (BPL) cards to access free or subsidized medical services available through various government schemes. We personally direct these patients to appropriate government hospitals, collaborating with hospital representatives who specialize in guiding them. These professionals help individuals understand the rules and navigate the available benefits, ensuring they can access quality healthcare without financial burden. Through this initiative, the organization empowers those in need to make the most of government health schemes, ensuring that lack of awareness or funds does not prevent them from receiving essential medical care.

Counseling

Al Ansaar Trust is dedicated to holistic community development through our counseling initiatives. Our individual and group sessions provide a supportive space for students and parents to discuss mental health, academic stress and drug awareness.

Counseling plays a vital role in helping individuals cope with life's challenges, promoting emotional well-being, and fostering resilience. It empowers participants to navigate their concerns and build a supportive community.

We are excited to collaborate with a doctor from NIMHANS and our trustees, Dr. Rashid and Dr. Asfiya, to specifically raise awareness about the abuse of tydol injections and their effects. This partnership aims to educate our local community on these important health topics. We invite you to join us in fostering a more informed and healthier community.

Through our collaborative and community-driven approach, we strive to cultivate a supportive ecosystem where everyone—regardless of their circumstances—can find solace, care, and renewed purpose. Al Ansaar Trust is not just an organization; it is a testament to the resilience and compassion of our community.

Together, we are weaving a tapestry of love and support, reminding each individual that they are seen, valued, and never alone in their journey. In a world that often feels indifferent, we stand united in our mission to bring light into the lives of those who need it most.

Conclusion

In concluding, we celebrate a year of impactful work at Al Ansaar Trust. Our sincere thanks go to our supporters and volunteers for helping us uplift marginalized communities, empower women, and promote education.

Together, we are building a more inclusive society. As we move forward, we invite you to join us in this mission. Your support—whether through time, resources, or advocacy—can help shape a brighter future for underprivileged.
